**Cosmesis - Self Microdermabrasion**

Product ID: 19166

The next generation in micro-exfoliation.

This highly effective exfoliating cleanser with antioxidants, moisturizers, and rejuvenators is used to improve the appearance of all skin types. It is an exfoliating product made with natural antioxidants, specifically RED TEA. Through the use of Corundum or Ruby Crystals, the product rejuvenates the skin by removing dead skin cells and allowing the natural anti-oxidants to come into direct contact with the freshly exposed skin.

The primary purpose of this product is to improve the luster, tone, and appearance of all skin types of people of all ages and ethnic groups, including younger patients with oily complexion. By removing the dead and damaged skin cells, Self MicroDermabrasion helps other skin care products, such as rejuvenating products (like Retin-A, glycolics, alpha-hydroxys, moisturizers, and antioxidants), acne treatments, and bleaching agents, to better penetrate the skin and work more effectively.

Lessens the appearance of many types of skin imperfections including fine lines, freckles, age spots, scars, sun damage, and pigmentation change due to many causes

Contains Corundum or Ruby Crystals, which are the same particles used during in-office Machine MicroDermabrasion treatments.

Recommended for:

Clients who want their skin to become smoother, tighter, healthier, and more youthful

Clients who want to decrease pore size and minimize many types of superficial scars

Clients who want to erase the signs of sun damage and improve the tone of their skin and

Clients who want an overall healthy glow to their skin.

**Retail Price:** \$62.00

**Usage:**

Use Self MicroDermabrasion once daily or more or less frequently as preferred.

Follow with Cosmesis Skin Care Facial Moisturizer.

Self MicroDermabrasion may be used in conjunction with other skin treatments or products.
