massage into all surfaces of the foot until cream is absorbed.

ELON - Nail Conditioner

Product ID: 12680

This Product will naturally rebuild nails that split, peel, crack, are brittle, dry, have ridges. This lanolin rich cream moisturizes the nails and cuticles immediately. The splits and cracks will slowly grow out as a stronger and healthier nail grows in with the nail conditioner.
Formaldehyde Free

Retail Price: \$12.00

Usage:

Severe Problem Nails: Remove all nail polish. Apply the conditioner 4 times daily. (More if desired). Nail conditioner should be massaged into the entire nail, cuticle, and matrix area (the skin area behind the cuticle where new nails form). Continue to use the conditioner 4 times daily until nails are the desired strength and health.

Mild Problem Nails: Apply conditioner 2-4 times daily. (More if desired.) Follow directions above. Once nails are at the desired strength & health, follow the maintenance below.

Maintaining Healthy Nails: Apply conditioner once daily. If using nail polish be sure to rub the conditioner into the cuticles and matrix area. This will help to moisturize the cuticle & aid new nail growth.
