**Scars - Scar Esthetique**

Product ID: 19047

Scar Esthetique-modern advances in skin care for scars. It is effective on treating surgical, burns, hypertrophic and keloid scars. Scar treatment products can be placed into three categories. First, a combination of antioxidants and ingredients that effect the skin at the cellular level, Second, is an attempt to duplicate silicone sheeting by offering liquid silicone. Some of these products add cortisone and Vitamin E. Third, are the products with Onion Extract.

Scar Esthetique is the only product in the market to add all three types of scar treatment into one product. Please review our ingredients and your decision will be an easy one for your scar care. Doctors recommend using our Scar Fx medical grade, implantable quality, in conjunction with Scar Esthetique for the most effective scar treatment care.

Contains some of the following ingredients - Retinyl Palmitate, Coenzyme Q-10, Onion Extract, Vitamin E, Pycnogenol, Glucosamine, Vitamin C, Arnica , Vitamin D, Vitamin D, Grape Seed Extract, Green Tea Extract, Allantoin, Bisabolol,

**Retail Price:** \$29.90

**Usage:**

Apply Scar Esthetique 3-4 times daily over your scar. Results can take as little as 72 hours up to 3 months. Older scars may take longer.
