Wilma Schumann - Collagen 2000

Product ID: 18556

Collagen 2000 by Wilma Schumann is an all natural product which, over several weeks of application to the surface of the skin, delivers the same results as collagen injections do over several days. Recommended for all skin types, Collagen 2000 absorbs 20 times its weight in liquids thus helping to build up the skin and reduce wrinkles.

Collagen is the natural soluble protein component of the elastic and connective tissues that holds skin together. Approximately 70% of skin protein is collagen, which starts dissipating around the age of 24. You can return some of this valuable substance to the skin with the use of Collagen 2000.

Retail Price: \$56.00

Usage:

Apply to cleansed skin with gentle circular motions. Use mornings and evenings every day. For astonishing results use with DNA or DNAPLUS

Wilma Schumann - Collagen Fibre Pads (8-10 applications)

Product ID: 18566

Collagen 2000 is built into The Fibre Pad, and when used with The Liposome roll-on, enables easy application and optimum results as a temporary eye or mouth lift. For best results follow package instructions.

**Wilma Schumann - DNA (oily/acne)**

Product ID: 18561

DNA by Wilma Schumann is a highly regarded fresh cell treatment. Ideal for the delicate areas around the face, neck and bust. DNA combats stretch marks and acned skin. DNA helps promote the cells ability to reproduce itself, thus bringing fresh, young cells to the surface of the skin within 28 days. Recommended for oily or combination skin. DNA (Deoxyribonucleic acid) has been discovered to work with young skin cells in reprogramming and activating older skin cells to reestablish the cells proper balance. DNA is the active molecule extracted from the salmon roe.

Wilma Schumann - Skin Bleaching Solution

Product ID: 18565

Wilma Schumann designed this product to eliminate age & brown spots, which can add years to the appearance of the skin. The Skin Bleaching Solution is gentle enough to use every day yet strong enough to be effective. By using Hydroquinone, its most active ingredient, the Skin Bleaching Solution eliminates most spots in 3-4 weeks and prevents reappearance. We recommend you read the labels carefully and follow the instructions. Use only on intended areas. And remember to always use a Sunscreen.

Shipping of Wilma Schumann outside the United States is Prohibited.

Retail Price: \$48.00

Usage:

During home use, this treatment should be used for a three month period, discontinued for a month and then restarted. Apply a small amount of Skin Bleaching Solution -- enough to form a

thin layer -- on affected area. Sun exposure should be avoided and the use of a sunscreen is a must. We especially recommend Sunscreen SPF 20 by Wilma Schumann, which was designed for use with this treatment.

Wilma Schumann - Sunscreen SPF 20

Product ID: 18560

Wilma Schumann - The Liposome

Product ID: 18558

The Liposome by Wilma Schumann is an intensive gel treatment used to revitalize the delicate skin around the eyes, face, neck and bust. The Liposome effectively combats puffy eyes, diminishing wrinkles, fine lines and signs of fatigue by using rosewater, ivy extracts and horse chestnuts as skin thinners and decongestants. Recommended for all skin types. A liposome is the highly potent heart of the fat cell which carries nutrients to the deeper layers of the skin. When used in conjunction with Collagen, liposomes carry the active hydrating ingredients deep into the lowest layers of the skin. May also be used with Fibre Pads for deeper penetration.

Shipping of Wilma Schumann outside the United States is Prohibited.

Retail Price: \$52.00

Usage:

Use daily around the eyes, face, neck and bust. The roll-on design makes The Liposome perfect for on-the spot use.
