eau thermale Avene Product Line

eau thermale Avene - Akerat Skin Smoothing Body Cream

Product ID: 19392

Hypoallergenic, Non-Comedogenic

Targeted body care for thick and rough skin, as well as severely dry and extremely dry skin conditions.

Unique combination of Urea, Salicylic Acid and Lactic Acid that works synergistically to help rid the skin from its thick flakes and minimize rough and hardened skin. Skin is deeply moisturized and softened.

Purchasing this product indicates that you have had a skin care consultation and the product has been recommended for your use. If you have not consulted your physician about this product please call 1-800-393-3848 to arrange for a consultation.

Retail Price: \$28.00

Usage:

Apply Akerat to the affected areas once or twice a day. Do not apply to wounds, irritated, or broken skin.

Recommended for adults and children over the age of three (3) years.

eau thermale Avene - Body Lotion With Cold Cream

Product ID: 28222

Body lotion with cold cream incorporates the nourishing benefits of traditional Eau Thermale Avene Cold cream in a fluid formula. It leaves skin feeling instantly hydrated, with restored comfort and suppleness.

Retail Price: \$22.00

Usage:

This non-greasy body lotion is intended for daily use, on thoroughly cleansed skin with Emollient Cleansing Gel with Cold Cream.

eau thermale Avene - Cicalfate Restorative Skin Cream

Product ID: 26283

Cutaneous barrier cream recommended for use to soothe minor skin discomfort. Ideal for use after dermatological treatments.

Cicalfate cream contains a combination of powerful ingredients:

Micronized sucralfate, a unique and effective ingredient helps to restore the skin barrier and minimize cutaneous irritation.

Copper sulfate and zinc sulfate work synergistically to promote and maintain a healthy skin environment during recovery.

A high percentage of Avene thermal spring water helps soothe and soften the skin.

Cicalfate cream, will help improve comfort by maintaining the skin in an ideal environment promoting the skin recovery process.

Cicalfate cream is easy to apply and particularly adapted for the sensitive skin of adults, children and infants.

Purchasing this product indicates that you have had a skin care consultation and the product has been recommended for your use. If you have not consulted your physician about this product please call 1-800-393-3848 to arrange for a consultation.

Retail Price: \$23.00

Usage:

Apply once or twice a day to the problem area after thorough cleansing and drying.

eau thermale Avène - Diroseal Anti Redness Skincare Lotion

Product ID: 16712

Targeted skincare for sensitive reactive skin with facial redness. Diroseal is a new generation of skincare which fights the visible signs of redness in two ways:

- Retinaldehyde C.T. helps reduce the appearance of redness and enhances skin radiance.
- H.M.C. and Dextran Sulfate work synergistically to help improve skin tone and minimize recurring redness.

Diroseal has a gentle, creamy texture which brings immediate comfort and relief. Lightly tinted green, it neutralizes the skin's red appearance.

Purchasing this product indicates that you have had a skin care consultation and the product has been recommended for your use. If you have not consulted your physician about this product please call 1-800-393-3848 to arrange for a consultation.

Retail Price: \$44.00

Usage:

Apply in the evening to problem areas (cheeks and nose) as an intensive skincare program for at least 3 months. Avoid exposure to the sun, which can aggravate redness. Daily use of a sunscreen of SPF 15 or higher is recommended during the use of this product.

eau thermale Avene - Gentle Cleanser for Intolerant Skin

Product ID: 26289

Specialized cleansing care for skin which is naturally hypersensitive or overstressed by dermatological treatments, excessive cleansing, and extreme climatic conditions such as cold or sun. This cleanser can be used without rinsing, and pampers the most sensitive skin: Contains a high percentage of Avene Thermal Spring Water (96%) to help soothe and soften the skin.

Its natural, very gentle cleansing agent, allows perfect cleansing/make-up removal while avoiding the additional drying effect, which can be caused by rinsing with water.

Its formula has been specially developed with a minimum of ingredients, all selected for their gentleness. It does not contain any potential irritants such as a paraben preservative, fragrance or coloring agent. This very fluid, oil-free refreshing cleanser leaves skin perfectly clean and comfortable without any feeling of tightness.

Purchasing this product indicates that you have had a skin care consultation and the product has been recommended for your use. If you have not consulted your physician about this product please call 1-800-393-3848 to arrange for a consultation.

Retail Price: \$20.00

Usage:

Apply in the morning and evening with a cotton pad or with fingertips by massaging in light circular movements. Tissue-off gently without rubbing. Repeat if necessary. Rinsing with water is not essential. For best results, complete cleansing with a spray of Avene Thermal Spring Water. As daily skincare apply the Cream For Intolerant Skin.

eau thermale Avene - Gentle Eye Make-Up Remover

Product ID: 26280

This fluid gel has been specially formulated for make-up removal of the eyes. Highly recommended for contact lens wearers. Paraben-free.

Extremely rich in Avene thermal spring water, this gel provides all the soothing and softening relief to sensitive or puffy eyelids.

Exclusively formulated with extra-gentle cleansing agents, it delicately removes even waterproof make-up. Fluid, crystal-clear and non-greasy, the Gentle eye make-up remover also prevents drying of the eyelid area.

Its tear-identical pH level is extremely well-tolerated and does not sting nor irritate the eyes.

Purchasing this product indicates that you have had a skin care consultation and the product has been recommended for your use. If you have not consulted your physician about this product please call 1-800-393-3848 to arrange for a consultation.

Retail Price: \$18.00

Usage:

Using a cotton pad, apply gel gently on eyelids and eye lashes. Follow with a fine mist of Avene Thermal Spring Water.

eau thermale Avène - Hydrance Optimale Hydrating Cream SPF 25

Product ID: 26281

Helps prevent sunburn. Higher SPF gives more sunburn protection. Provides moderate protection against sunburn.

Purchasing this product indicates that you have had a skin care consultation and the product has been recommended for your use. If you have not consulted your physician about this product please call 1-800-393-3848 to arrange for a consultation.

Retail Price: \$36.00

Usage:

Apply generously and evenly 15 minutes before sun exposure and as needed. Do not apply to children under 6 months of age. Reapply as needed.

Emollient cream acts in two ways:

By soothing and relieving hypersensitive skin thanks to:

- Avene thermal spring water, with soothing and softening properties and
- Selectiose, a new innovative and powerful ingredient developed by Pierre Fabre Dermo-Cosmetique research which reduces sensations of discomfort and softens the skin.

By combating intense skin dryness:

-The plant-based lipidic trio, containing ceramides, sterols and essential fatty acids is endowed with a structure comparable to that of epidermal lipids. It therefore helps restore the hydrolipidic barrier of the upper layers of the skin, thus protecting the skin from moisture loss and external aggressions.

-Its rich and soft texture is easily absorbed by the skin, restoring skin comfort.
